I.A.A.I.

32nd Annual Fire & Arson Seminar
September 27—30, 2010

To unite for mutual benefit those public officials and private persons engaged in the control of arson and kindred crimes,

To provide for exchange of technical information and developments,

To cooperate with other law enforcement agencies and associations to further fire prevention and the suppression of crime,

To encourage high professional standards of conduct among members and to continually strive to eliminate all factors which interfere with the administration of justice.

OREGON CHAPTER 31

TRAINING CURRICULUM

(This Seminar is not offered in Part)

Mon. September 27th

1:00 P.M.—5:00 P.M.

“Fraud, the Insurance Policy and Fire Investigators’ Responsibilities”. Discussion of common indicators of fires that turned out to be arsons w/case studies. The Insurance Policy and how it may impact your fire investigation. Law Enforcement/ Fire Service — Insurance Company — the Insured. Utilizing excerpts from the CFI Trainer program you will be looking at the issues of shareholder responsibilities from the perspective of a public safety official.

Presented by: Joe Toscano; Chilworth Technology Inc.

Tue. September 28th

8:00 A.M.—12:00 P.M.

1:00 P.M.— 5:00 P.M.

“Body is Evidence”. This presentation demonstrates the dynamic processes of burning to soft tissue and bone for the entire human body necessary for analyzing manner of death and unique circumstances of the fire scene. Normal burn patterns and deviations created by preexisting trauma from ballistic, blunt, and sharp force injuries, unusual position, dismemberment, and orientation to heat will be illustrated through photographic examples from ongoing research. Elayne has taught Forensic Anthropology, Criminalistics, and Forensic Taphonomy at the Anthropology Department in Arkansas and consults on forensic cases involving skeletal or burned human remains. **Presented by:** Elayne

J. Pope, Ph.D.; International Academy of Public Safety in Florida.

Scholarships are available to cover tuition costs for this seminar. If you wish to apply for tuition assistance, please contact GR Castillo for information on criteria and an application form. 503-934-0243. Scholarship application deadline is August 15.

TRAINING CURRICULUM

Wed. September 29th

8:00 A.M.—12:00 P.M.

1:00 P.M.— 5:00 P.M.

“DNA/Trace Evidence”. A primer on how trace, latent print, DNA and ignitable liquid analysis can aid investigations. **Presented by:**

Janelle Scott, Ph.D. and Forensic Scientists from the Oregon State Police Portland Forensic Laboratory.

Thu. September 30th

8:00 A.M.—10:00 A.M.

“The Private Fire Investigation Business in Oregon”. What private fire investigators do and how it differs from the public sector. Training and licensing requirements. How private fire investigators receive assignments. Who they work for. What authority they have. What their clients are looking for. The interface with forensic sciences. Obstacles to public/private cooperation and working with the public sector. Immunity statute. Spoliation issues.

Presented by: Lynn Davis; C & O Services and Andy Lauersdorf; Maloney, Lauersdorf & Reiner PC.

10:00 A.M.—12:00 P.M.

“Digital Forensics as an Investigative Tool”. An introduction into digital forensics and the role it plays in both criminal and civil investigations. Topics to be covered will include the role of the first responder and preservation of data to include water and fire impacted hardware. The interrelated roles of investigator, forensic examiner and prosecutor will also be discussed.

Presented by: Charles Faulk; C.J. Faulk & Associates, LLC.
